About Our Cover Shot

The boiler goes cold and all systems fail on this Indiana Harbor Belt 0-8-0 Local #102 when just for one second the fireman's eyes are lured away from the firebox and gauges! In an instant, he became bedazzled by the realistic beauty and artistry of the trees and awesome scenery surrounding him produced by **SCENIC EXPRESS!**

The Preiser **Steam Era Railworkers** (PR65353) scramble to get the train running again, but they can't help being overtaken by the breathtaking view around them. They stare in awe at this natural wonderland thinking to themselves **"we must be in heaven!"**
